

CENTRILLION POINT

Our ongoing association with Premier Block Management (PBM) developed when we secured the contract to provide Concierge Services to Centrillion Point in Masons Avenue, Croydon. The estate consists of almost 200 apartments, several courtyard houses and extensive parking facilities. Adsec work closely with PBM to guarantee the smooth operation of the estate, from ensuring the premises are kept secure from unwanted visitors, to arranging access for service contractors and accepting delivery of parcels. The tenants feel safe in the knowledge that the on-site concierge team are looking after their best interests and ensuring all the tenants enjoy the positive experience of living in this prestigious development.

At Premier Block they strive to work with a high level of personal service rarely found in block management. Their property management team have a wealth of knowledge and experience and handle a wide range of matters in relation to block management from the most basic to the highly complex. Uniquely their focus is in management and compliance with codes of practice in line with respected and recognised associations gives them a well round understanding of the often complex areas in managing property portfolios. They pride themselves on their unique approach to dealing with issues and believe that communication with clients, residents and all parties ensures a service at the most professional level.

Their expertise in block management and the understanding of how the smallest of problems can cause great concern if it affects an individuals home ensures that they deal with any issue, whether large or small with the same diligence and attention to detail.
